

## Santa Terry Wreath Instructions

1. First off, you have to cut out the pattern shapes out of the Felt. You can find all the patterns in a link in the description below.
2. Once you've cut out the specific shapes, you can start Hot Gluing them together. The pattern guide has a nifty chart to show you where things should be glued!
3. After gluing the felt together, now you add and glue on the cotton swabs.
4. Now you Hot Glue the Felt designs to the Wreath.
5. Final step is to Hot Glue on the Metal Bell to Santa Terry's hat and you're done!
